

Floral Mist

Sanitising air-freshener

Floral Mist – is a pleasantly perfumed air freshener containing anti-bacterial, anti-fungal and anti-viral agents effective both in the vapour phase and on surfaces. It's sophisticated biocidal chemistry not only destroys odour causing germs, but removes infections and harmful bacteria from the air and surfaces.

BENEFITS

- Fresh Scent – Floral Mist has a pleasant lingering perfume.
- Deodorizing – When sprayed onto fabric, drapes, or carpet, Floral Mist will deodorize and sanitize without discolouring it.
- Disease Prevention – Regular use of Floral Mist, helps prevent the transmission of disease and germs in community homes, clinics, hospitals and child care centres.
- Odour Neutraliser – Destroys air borne and surface odour-causing bacteria creating a fresh, clean atmosphere.
- Safe in Use – Floral Mist is safe to use around children and pets.

WHERE TO USE

For use in community homes, clinics, nursing homes, motels, restaurants, sports clubs, change rooms, toilets, child care centres, etc

DIRECTIONS for USE

Read and understand the Material Safety Data Sheet (MSDS) before use

How to use

Use undiluted in a spray bottle capable of giving a fine spray.

For general deodorizing, use a finely atomised spray throughout the area as required.

To provide long lasting fragrance in motel rooms, nursing home rooms etc, spray directly onto drapes and other soft furnishings.

Spray directly on surfaces requiring disinfection, such as draw sheets, bedpans, urinal treads, garbage bins, etc.

Tips

- Avoid spraying near naked flames.
- Prevent contact with food.
- Keep container closed to retain maximum performance.

PRODUCT SPECIFICATIONS

pH: 7.5

Dilution: Ready to use
