

Product Data Sheet

Product Code: SHIN

Issued: February 25, 2011

What is Shinywash?

SHINYWASH is a pine-scented floor cleaner and restorer for cleaning sealed vinyl, linoleum, and stone floors.

Key Benefits

- ✓ SHINYWASH is a convenient, two-in-one product that polishes and cleans in one operation.

How Does It Work?

SHINYWASH is a pine-scented floor cleaner/restorer which cleans effectively and simultaneously replenishes the floor surface with acrylic polish. It removes all types of routine floor soilage from vinyl, timber, linoleum and stone floors.

For Use On...

SHINYWASH is designed for damp-mopping and autoscrubbing and will leave the floor clean and ready for buffing to a very high finish.

SHINYWASH is ideal for slow to medium speed buffing but is not intended for ultra-high speed buffing (greater than 1200rpm).

Technical Data

Composition

SHINYWASH contains pine oils, surfactants, builders and buffers together with polish resins and polyethylene polymers. It works in a two-stage cleaning mechanism:

1. Attack of soilage by detergent compounds which emulsify and remove it from the floor.
2. Preferential adherence to the floor by the polish components which form a protective film when the floor dries.

Properties

COLOUR – Milky, cream-coloured, thick liquid

ODOUR – Pine fragrance

pH = 9.7 - 10.4

FOAM – High foam level

Environmental Care

SHINYWASH conforms with all statutory environmental requirements. It is based on safe ingredients selected to perform efficiently so there is no waste or damage. SHINYWASH is non-flammable, phosphate-free and biodegradable. SHINYWASH containers will be cleaned and reused if returned to Agar Cleaning Systems Pty Ltd., significantly reducing plastic usage and waste. They can also be recycled.

Quality

The design, manufacture and supply of all Agar chemical products is controlled by the Agar Quality Management System which is registered and externally audited by SAI Global as complying with the requirements of AS/NZS ISO 9001 "Quality Management Systems – Requirements".

First Certified: 30 April 1996

SAI Certificate No.: QEC7358

Application

- Damp-mopping and autoscrubbing:
1 part SHINYWASH plus 10 to 40 parts water depending on soilage.
- When floor is clean, buffing will produce a protective, shiny surface.

Agar Cleaning Systems maintains Safety Data Sheets (SDS) on all of its products. These sheets contain information that you may need to protect your employees and customers against health or safety hazards associated with our product. Agar Cleaning Systems recommends that you obtain a copy of the respective SDS sheet prior to using this product. The information in the Product Data Sheet is based on data we believe to be reliable. It is offered in good faith, but without guarantee, as conditions and methods of use of our product are beyond our control.
